

## **2022 Officer Election Information**

### **UPDATE MEMBERSHIP LIST**

It is crucial that all eligible UAW members are able to vote in the upcoming UAW International Officer Election. Membership lists - including mailing addresses - need to be up to date so that all eligible members can have a voice and cast a ballot in the upcoming UAW Election. While the Court-appointed Monitor intends to have ballots mailed to members starting on or about October 17, 2022, work must still be done to continue updates to membership lists. That is because on October 18, 2022 the International Union, UAW will send the final ballot mailing list to the election vendor. This will allow the election vendor to mail ballots to members not included on earlier membership list(s). We request that locals update the mailing address of all members ASAP, but no later than October 17, 2022.
