How can I get involved? By volunteering on a Local 412 standing committee, you can join with other members to have a voice and make a difference in our local and in our communities. Standing committees are the tools through which policies and programs aimed at strengthening our Local Union are put to work. Local Union standing committees are the links in lines of communication in the workplace and our local union to help to improve members awareness and understanding of the role each plays within our Union. This will give you a platform for your voice to be heard and will give membership a direction to the future.

If you are already involved in the activities of Local 412, challenge yourself to do more. Consider joining or even leading a standing committee. Standing committees are a good starting place for your involvement. As a committee member, you are encouraged to think outside the box, work with others and develop solutions to those challenges to our local union. To make change, to make a difference!
