

DIGITAL DATELINE

"BUILD IT LIKE WE OWN IT"

A THANK YOU MESSAGE FROM AN ORION COLLEAGUE:

My name is Frank Ferus. I work at GM Orion Assembly plant in the GA Maintenance department. I recently lost my oldest sister which our family dearly loved. That is tragic news, but the good news is the kindness and sympathy shown to me by the Orion People.

I took a couple of days on bereavement to fly to Golden Colorado, with family, to where my sister Teri lived. It was a tragic time, but my family came together in love and fellowship which made the trip so joyful and peaceful in such a dark time.

Then I returned to Orion, to be shown the kindness and care from my Orion family. I can't express in words, my thankfulness and gratitude. I think the GM Orion people are 2nd to none in the industry. I feel our production and maintenance teams exemplify the values and core beliefs that GM promotes.

I will try to thank each person individually, but this post will just express my thankfulness to all involved. I am very thankful to the Lord in where he has placed me at Orion.

My final thoughts are that this is the place I will retire from as I couldn't imagine working anywhere else.

Frank Ferus

ORION RECEIVES ECONOMIC IMPACT AWARD FROM LOCAL CHAMBER:

The Orion Area Chamber of Commerce awarded Orion Assembly with its Economic Impact Award during the chamber's annual Impact Award ceremony last week.

Economic Impact Award - The member who receives this award makes a positive economic impact in the Orion area in the area of jobs, opportunities for advancing new local industries, or revitalizing a sector of the community. This member makes a positive impact on living, working, or playing in the Orion Area.

Orion was recognized for the \$4-billion investment project to expand the plant and increase employment.

The award was received by Orion Plant Director **Reuben Jones**.
