RE: **2024 Spring/Summer Education Opportunities**
UAW Region 1

Greetings:

We strive to make a variety of educational opportunities available for our members in UAW Region 1. As we continue to grow our educational program, we are excited to announce the introduction of a wide-ranging workshop schedule this spring.

Workshops are open to all active and retired members in good standing in Region 1. UAW membership status will be verified, and you **must** be in good standing to participate. There is **no cost** to register for these classes and members are encouraged to attend on a voluntary basis. Workshops will be offered at a variety of times and dates to accommodate various work schedules. As always, members should speak to their local union leadership and follow local protocol for any questions related to union leave.

Some workshops that will be offered include:

- Understanding Contracts
- Understanding Bargaining
- Money Matters – Budget Planning for Life
- UAW 101 – New Member Orientation
- Understanding Grievances
- Globalization 101
- Lessons from Labor History
- Various workshops for standing committees
- Guest speakers from various agencies such as the Department of Labor presenting on a range of topics, such as the PUMP Act, FMLA, and more
- Health and safety workshops
- And more!

Complete information about the workshops and the class schedule will be posted and regularly updated on our UAW Region 1 website here:

More classes may be added to the schedule throughout the spring and summer months, so members should check back to the website for updated information. All class sizes will be capped, and registration will be done on a first-come, first-served basis. Members should **self-register** using the online form posted on our website.

Please circulate this posting widely to your membership. Requests for additional class topics and questions about this program can be directed to Susie Reed of my staff at sreed@uaw.net or (586) 427-9200. We look forward to seeing you in class!

In solidarity,
